

# PUT YOUR MONEY WHERE THE MIRACLES ARE

...and make a difference in a child's life

## Frequently Asked Questions: The RE/MAX & CMN Hospitals Partnership

### 1. What is CMN Hospitals?

Children's Miracle Network Hospitals® raises funds and awareness for its 170 member children's hospitals across North America. Your donations stay local to help kids in your community receive critical treatments and healthcare services, to fund pediatric medical equipment and to provide charitable care for families who can't afford to pay. Each CMN Hospital allocates funds based on where they're needed most.

### 2. Why are RE/MAX and CMN Hospitals partners?

Premier community citizenship is a core RE/MAX value that inspired the partnership with CMN Hospitals in 1992. RE/MAX leaders, offices and agents recognized that everyone could play their own part locally to have a big impact in their communities. More than 25 years later, participating offices and agents in the United States and Canada have contributed more than \$155 million to help kids treated at local CMN Hospitals.

### 3. What is the impact of the partnership?

This video says it all. <https://vimeo.com/152620831>

### 4. How does the RE/MAX and CMN Hospitals partnership work?

RE/MAX agents can participate in the Miracle Home or Miracle Property program and use the Miracle System online donation center to make a donation to their local CMN Hospital after each closed transaction. They can also donate on behalf of clients and send Honor Cards to let them know. A \$25 minimum contribution is required for each Honor Card sent in the United States through the Miracle System. RE/MAX agents and offices can also raise money through fundraising events.

### 5. Why should I get involved?

By partnering with your local CMN Hospital and making a donation after each transaction, you can set yourself apart in the community. Participating can also be part of your strategy to boost repeat and referral business. Plus, it feels good to help kids who are battling serious illnesses and injuries.

### 6. How can I learn more?
